SERVING WITH  THE NAVIGATORS®

**To Know Christ and To Make Him Known**

Tony & Michele Brown

As a missionary at Tyler Junior College on staff with The Navigators, our mission is to reach, disciple and equip college students to know Christ and to make Him known. We are committed to introducing students to Christ, help them mature spiritually, and encourage them to intentionally live out their Christian life in their personal, academic and professional relationships.

Our mission is simple - To know, love, and glorify God, and to be used of Him to raise up qualified laborers among college students, in significant numbers, as fast as possible, to help fulfill the Great Commission.

Tony is retired after having spent 31 years in his profession as a locomotive engineer. In 2009, Tony began being discipled and praying for a way he could be obedient to Christ by actively participating in producing spiritual generations, (2 Timothy 2:2). In July 2011, Tony was officially recognized as Navigators associate staff and assigned to begin the collegiate ministry in East Texas at Tyler Junior College (TJC).

TJC is a two-year college. Therefore time is of the essence in helping students mature in their faith and preparing them for the next stage in life. This includes teaching the fundamental disciplines of an obedient Christian: a fervent prayer life, Bible study & quiet time, Scripture memory, as-you-go evangelism, and one-to-one mentoring.

Currently the campus ministry includes NavNight meetings every Wednesday evening during the semester in an on-campus dorm. These meetings focus on the basics of the Christian life. Tony meets one-on-one with students as well as serving them by providing transportation to the grocery store, department stores and washeteria.

Most of our students live on campus and do not have transportation. We pick up students every weekend for Sunday worship but are limited to how many we can carry in our personal vehicles. Please pray for the donation of a 15 passenger van to allow the opportunity to accommodate more students. Please also pray with us for financial support as our ministry is relatively new and we've just begun to implement a financial support program.

Tony and Michele, like all Navigators staff, are self-supported missionaries that trust God to provide financial partners for their ministry. If you'd like to assist in helping them continue this vital work, you may give a tax deductible donation online by visiting their staff webpage at: [Navigators.org/us/staff/brown1](http://Navigators.org/us/staff/brown1).

If you have questions or would like to know more about us and our ministry, please visit our website at [TJCNavs.com](http://TJCNavs.com), call 1-903-245-3083, or send us an email at [tony@tjcnavs.com](mailto:tony@tjcnavs.com). We'd be honored to have you join our support team. Thank you.

Tony & Michele Brown
